Pastor Tom's Message

Dear Partners in the Gospel,

All around the neighborhood I see people working in their gardens, which after all the rain and late spring are finally in and growing. I remember the first time I helped my Mom and Dad plant our backyard garden. After we planted my very first seeds I went out every couple of hours to see if they had started to grow yet. As far as I could tell nothing seemed to be happening that whole first week.

How many of us in the church become frustrated by the lack of results we can see? Hours of volunteering, working on a variety of Committees, planning for worship, or even preaching sermons can make us wonder what is being accomplished. On one level we may be called to look for better ways of doing things. But on another level, working for the kingdom of God to come in our midst, praying for the Holy Spirit to inspire our mission and ministry and our stewardship and our witness simply requires patience and persistence.

Think of God's patience with God's people throughout history. Remember God's steadfast love in your own life. God never gives up! There is no need. God's will will be done on earth as it is in heaven. It is as predictable as a seed sprouting and growing. Please pray the following prayer each and every day; "Merciful God, refresh us with your Holy Spirit. Give us the hope, the patience, and the resources we need to do the work you call us to do for your kingdom. Amen!"

Blessings on your week!
Pastor Tom
