 - D. Mask-less when- Timeline below -

- E. Voice vote on redo loan – Per email vote: The current rate is 4.5% Steve informed we could get the new rate at 4.15%. Please note that we would be required to have an updated real estate evaluation completed on the property before we could proceed any further. We could have it done in a week for \$325.00 or in up to three weeks for \$250. Steve was asked if we would need to do the revaluation in 11 months anyways and the answer was yes. We would be saving an estimated at \$9,000.00 in year one, which we are proposing to just take that off of the principle and not change the loan amount paid per month - MSC

7. Closing Prayer – Barb Hurtgen

Submitted Respectfully by Becky Skorik
